AMEND THE CONSTITUTION

That Senators May be Elected by
Direct Vote of the People

PRESIDENT BACK IN WASHINGTON

His Special Train Ran Over and Killed
a Laborer This Morning—Accom-
panied by the Cabinet.

By Wire to THE TELEGRAM.

Washington, Dec. 15.—The house committee, on election of president, vice-president and representatives in congress, at its meeting today, unanimously agreed to report a joint resolution proposing an amendment to the constitution, providing for the election of senators of the United States either by a direct vote of the people or by the legislatures of the several states as now provided.

THE PRESIDENTIAL PARTY.

Pittsburg, Dec. 15.—A special train bearing the President, Mrs. McKinley, members of the cabinet and a number of friends passed through this morning from Canton. Twenty minutes after the train left Canton it struck and instantly killed Louis Moinet, a laborer, who was walking on the track.

"KITCHEN FUMES."

The Sweets of Running Lunch Count-
ers and Newspapers.

There was a small fray at the Southern this morning between Mr. Hennessy, who runs the railway lunch counter, and Mr. M. P. Troy, local reporter for the Daily Record.

In an article in the Record yesterday Mr. Troy said, in effect, that Mr. Hennessy's place of business was a nuisance, inasmuch as cooking is done there and through the process of turning the raw material into palatable food, foul and offensive fumes are emitted, which permeate the reception room, rendering it a most disagreeable and nauseating place.

Mr. Hennessy read the aforesaid article and was in no good humor over it, consequently there was trouble. This morning as Mr. Troy was making his rounds for news, (just as we newspaper men are in the habit of doing) Mr. Hennessy inquired of him the why and wherefore of the aforesaid article. The questions and answers given and received in the short debate were not gotten down and are lost. The first meeting broke up by a parting shot from Mr. Hennessy, in which Mr. Troy was called some kind of a puppy. He failed to understand it and was told by some one, whereupon he called on Mr. Hennessy and demanded that it be retracted, which demand was positively refused and the trouble began. Each man got in a lick or two and were separated. Soon afterward Mr. Troy met a Telegram man and greeted him with "I'm a little disfigured, but still in the ring."

Good Roads and Good Citizens.

Mr. W. O. Donnell, is so much pleased with the surveys made on the roads by Prof. J. M. Bandy that he has requested him to survey one and a quarter miles of road at his own expense. This is a public road. Mr. Donnell is thoroughly aroused on the subject of road improvement. Mr. Thos. Benbow, of the Oak Ridge section, is warmly in favor of the enterprise desired by Mr. Donnell.

It gives The Telegram genuine pleasure to hear of such progressive men as the gentlemen mentioned above. This goes to show that every step in the way of good roads, done under intelligent engineering and construction, is the best investment that the county can make.

Adding More Machinery.

We are gratified to know that the increasing business of the Southern Varnish Company has rendered it necessary to increase the facilities for the manufacture of varnishes and Japans. The trade is steadily increasing and the present capacity of the factory is fifteen barrels a day. Some idea of the volume of their business can be gained from the fact that it is necessary to increase the facilities.

In the contest just closed in which the prize was a nice suit of clothes offered by Matthews, Chisholm & Stroud, open to the carriers of The Telegram and The Record, Edney Ridge, a Telegram boy, won with a splendidly gotten up and neatly arranged list of 300 names. Carl Ridge, The Record carrier's list contained 301 names. Both these boys deserve credit for the neat and well arranged lists, which complied, the firm tells us with every requirement.

The offer was made to the carrier who would secure and present by a certain date the largest correct list of names and residences of boys between 6 and 16 years of age who had bought suits, from whom bought, and those who contemplate buying.

Coming.

Manager Blackburn closed a deal today for the appearance of the Clara Schumann Ladies Orchestra, at the Academy of Music next Monday night. This will be a rare treat. No other organization like this exists. It is unique and unrivaled. Traveling men who have seen it pronounce it unsurpassed and something to be glad to hear again and again. The orchestra has eighteen artists, all who understand the method of touching the souls of the people. That is by playing popular music.

THE WORK OF CRACKSMEN

Safe Blown Open and its Con-
tents Taken

THE EXACT AMOUNT NOT KNOWN

Indications are That It Was the Work
of Experts and at Present
There is no Clue.

Special to THE TELEGRAM.

Guilford College, Dec. 15.—Last night the store of J. T. McCracken, of this place, was entered by thieves some time after midnight and the safe containing money and papers was blown open and looted.

From the indications it must have been the work of experts.

The cracksmen first tried the front door and had it nearly opened, but becoming disgusted at their slow progress in getting in, they climbed upon the roof of a porch in front of the store and prized off the upper sash of the window, gaining access to the second floor and by prizing open a door at the head of the stairs, came down into the store.

After getting to the safe they drilled a hole about the size of a lead pencil through the top and, pouring powder through this, blew off the door. A large quantity of dry goods was piled upon and around the safe to deaden the noise of the explosion.

The facing around the door was also blown off.

The exact amount of money taken out of the safe is not known, but is between \$85 and \$100, which was a bag of old coins. Some valuable papers were stolen, as were two checks, one for \$25 and one for \$14.56.

The cash drawer, under the counter, was also prized open, but it only contained about 25 cents.

Some stamps, taken out of the showcase, were left in the store. Nothing else was taken so far as is known. The thieves escaped after the job by opening one of the front windows.

No clue to the perpetrators has been discovered.

TROUBLE AT PINNIX.

And The Telegram Will Try to Alleviate the Situation.

The Telegram received this morning the following remarkable production which we give herewith, punctuation, spelling, capitalization and all. It serves to show what remarkable places official lightning some times hits. It is with deep regret that we acknowledge our inability to give a fac-simile of the chirography also. The request was written on a postal card instead of the regular form furnished by the government. It shows the tragedy that sometimes results from changing your post-office without notifying the publisher of your paper:

Attempted Housebreaking.

For two nights past attempts have been made to break into Mrs. Shober's house on West Market street. Night before last a pane of glass was broken from a rear window but Mr. Allen who lives next door was aroused and frightened the thief away. Last night the burglar made his appearance again and nearly all the panes of glass were broken though he did not effect an entrance. Preparations have been made to accord him a warm reception on his next appearance.

What They are Talking About.

An officer of the Legislature, a Populist, was asked today to give a perfectly frank statement of what the Populists are talking about these days, when they are so much discussed. He replied, "If you will not use my name. I will tell you. They are declaring that they don't want any more fusion with the Republicans. That is the milk in the cocoanut."—Col. Olds' correspondence.

BOLD ROBBERY.

Miss Jessie Williams' Purse Stolen
on Central Avenue.

While Miss Jessie Williams, who resides on Clayton street, was returning home about dark last evening she was attacked on Central avenue by a negro and badly frightened.

Miss Williams had reached a point near the bridge, when the negro seized her by the throat, choked her and took her purse.

Miss Williams screamed and her assailant ran. The frightened lady ran to the house of Mrs. Baird, and told what had occurred.

Police assistance was telephoned for, but all efforts to apprehend the negro have been unsuccessful.

The purse was found several yards from the scene.—Asheville Citizen.

SALE OF KANSAS PACIFIC.

Judge Sanborn Grants Sixty Days
Extension of Time.

St. Louis, Dec. 14.—Judge Sanborn last evening granted the request of the government for a continuance for sixty days of the sale of the Kansas Pacific. This will make the date February 15. The extension was granted to enable Congress to take further action to protect the government's interest of about \$13,000,000 in the property.

In granting the sixty days' extension he said he thought it was wise to give the government more time.

The extension of time will necessitate the readvertising of the sale, which will cost several thousand dollars.

WALTZED FOR HER AFFECTIONS.

How Miss Conlin's Two Admirers
Settled Their Rivalry.

New York, Dec. 14.—Between her two admirers, Matthew Silverman of 107 Bradford street and Jacob Bothwos of 317 Miller avenue, Brooklyn, Annie Conlin, of Brownsville, was not able to choose. So she concluded to let them decide which was the better by a waltzing contest at the dance given by the Young Men's Hebrew Association on Sunday evening in Turn Hall, on Bradford street.

Silverman and Bothwos agreed, and began waltzing. Each selected a partner, and danced with her until she was tired out, and then took another. Silverman became exhausted after waltzing three-quarters of an hour, and Bothwos was declared the winner.

COULDN'T PREVENT HIS SUICIDE.

Mrs. Walsh Fought Her Husband an
Hour, but he Fooled Her at Last.

Philadelphia, Dec. 14.—Walter S. Walsh, head of the wholesale shoe firm of W. S. Walsh & Co., committed suicide this morning by cutting his throat with a razor, in the bathroom of his home.

Mr. Walsh, who had been depressed by business troubles, rose in the night, threatened to kill himself and picked up his razor.

His wife struggled with him for possession of the razor, and after a hard fight succeeded in getting it. After his wife had pleaded with him for an hour, Mr. Walsh pretended to abandon his purpose and to go to sleep again.

His wife sat by his bedside. As soon as she fell into a doze Walsh went to the bathroom, got another razor and cut his throat.

SCHOONER SINKS.

By Wire to THE TELEGRAM.

Portland, Me., Dec. 15.—The schooner Susan P. Thurlow, from Hillsboro, New Brunswick, for New York, with a cargo of plaster and rock sank off Cushing Island last night and the captain and five sailors were drowned. One sailor reached land this morning and informed the inhabitants. The bodies of the captain and one sailor were recovered this morning.

WET WEATHER IN JERSEY.

By Wire to THE TELEGRAM.

Jersey City, Dec. 15.—As a result of the heavy rains here yesterday the cellars of over five hundred houses are flooded in the Johnston district. Many people were compelled to leave their homes in flat boats.

MEXICO AFTER JOHN BULL.

By Wire to THE TELEGRAM.

Mozatlan, Mexico, Dec. 15.—The Mexican government will investigate the report that the English have taken possession of Clifton Island. The Mexican gunboat Democratic and the schooner Talafie Garcia have just sailed for the island under orders from President Diaz.

Marriage in Reidsville.

Reidsville, N. C. Dec. 14.—Miss Mollie Scoggins a very popular young lady of Reidsville and Mr. V. Dixon Sykes, of Union county, were united in marriage this afternoon at 5 o'clock in the Baptist church, Dr. Mundy officiating. The attendants were:

Walter Morton and Miss Jessie Denny.

Dr. J. C. Walton and Miss Daisy Jones.

Miss Louie Burton was Maid of Honor and Prof. E. W. Sikes, of Wake Forest, Best Man.

The couple left on the evening train for their future home in Union county.

Swapping Offices.

Col. Olds writes from Raleigh to the Charlotte Observer:

Great surprise is expressed here this evening at the news that James M. Mewboorne had resigned as commissioner of agriculture, to take effect December 30, and that the board of agriculture had accepted his resignation. This was done at a late hour. This is the result of a deal by which he becomes superintendent of the penitentiary vice John R. Smith, and the latter will succeed him as agricultural commissioner. The reason given for this step is that Mewboorne is considered a far more able manager than Smith. This remarkable deal is engineered by Governor Russell. The penitentiary board will meet in a few days and elect Mewboorne superintendent.

Spain Buys a New War Vessel.

London, Dec. 14.—The Spanish government, it is again announced, is negotiating with the Armstrongs, this time for a cruiser of 4,300 tons, and said to be worth £300,000, built for Japan, but which Japan does not want. The vessel is said to be practically ready for sea.

Facts Worth Studying.

If the Southern Stock-Mutual pays no larger dividends than the 20 per cent. now paid, and the business increases during the next seven years in the same ratio it has increased during the last three years, the actual saving for the ten years to policy-holders in North and South Carolina will be \$194,822.00, and to the policy-holders in Greensboro alone, \$26,237.00. Besides this the Company's assets (reinsurance reserve and surplus) represented by still larger figures will be kept at home and invested in the state. What better investment can the public make than by upholding an institution like this?

THINGS AT HOME.

If an infallible method of securing new industries were asked it could be given in a very few words: Stand by those you have.

To imagine that the commercial world is not perfectly cognizant of whether a town is loyal to those enterprises established in it is to make a very grave mistake. The first question of prospective investors is: "How does the town stand by its business men?" Upon the answer to that question, in nearly every case, will depend their decision to invest or not to invest.

In conversation with two gentlemen recently who are engaged in enterprises here, they concurred in the estimate that every year \$300,000 worth of work goes north from Greensboro and a radius of 100 miles that could be done equally well here. That means that \$300,000 in wages and profits which might be kept at home is sent away. Double it and it appears that we are \$600,000 poorer than we should be if the work were done here. And this estimate is conservative.

Why is this work not done in the state? Because our people do not give to those industries already located here that hearty support which their own interests would dictate.

We happen to know that there are investors willing and even anxious to put their capital into certain enterprises in this state, but are doubtful whether the people of the state would stand by and patronize them should they do so. They do not ask any favors; they merely desire that they shall not be discriminated against.

In Greensboro alone thousands of dollars are spent with outside concerns that could be spent just as advantageously here. The retailer buys goods from houses in Richmond, Baltimore and New York that could be bought just as cheaply from a wholesaler on the same block with him. He has a perfect right to do so, of course. He should reflect, however, that his action in this connection may be keeping away wholesaler in some other line who would spend ten or fifteen thousand dollars here in salaries and rents, annually.

The retailer in turn receives the same treatment at the hands of the purchaser. A man will take advantage of a business trip to another town to lay in a supply of furnishings or order a suit of clothes he could get just as well at home. The lady who happens to be visiting for a week in some other town will do her shopping there. If this applied to the state merely it would be only a fair exchange, but unfortunately the current of cash all sets one way—northward.

If southern people buy from Baltimore wholesalers and retailers the latter will stay in Baltimore. If they buy from retailers and wholesalers at home, some of the houses will leave Baltimore and come to the south.

We know of one industry here that pays \$30,000 a year in wages alone, nearly every dollar of which goes to a North Carolinian. This company pays out \$5,500 a year to local saw mills for a certain grade of lumber that would be utterly valueless for any other purpose. It pays out \$5,000 for North

Carolina coal. What is the meaning of these figures? That this company adds to the wealth of Guilford county \$36,000 a year. There is no reason why other industries of like nature should not be located here. All that is needed is that we should stand by those we have.

If John R. Smith was such a vocal success as superintendent of the penitentiary, why did he swap places with commissioner of agriculture Mew-boorne?

THE COLORED FAIR.

The Telegram wishes to commend the fair of the colored people which is to be held the first of the year as a move in the right direction.

The race has been slow to learn that advancement can come only through earnest and persistent effort but it is beginning to realize it and from such realization should come a movement making for its betterment. Toward such an end thoughtful white people will be glad to contribute.

The colored man has been, and is to a certain extent, the victim of conditions that are not wholly of his own making; but there is nothing to prevent his becoming a well-to-do and intelligent citizen, respecting himself and respected by his neighbors, white and colored.

We say then the fair, if properly carried out, should be helpful; it should stimulate and encourage the colored people; should be at once an object lesson and an incentive. We shall be pleased to see the projectors make of it an unqualified success.

Comptroller Eckles has been delivering himself out in Missouri on a "Great Nation's Weakness" apropos of which it may be remarked that a "great nation" sometime ago became cognizant of the weakness of Mr. Eckles.

The Chicago gentleman of inventive turn who has hit upon a device to save sinking ships would have secured warmer benedictions from the sailing public by constructing a ship that prefers the surface to the bottom of the sea.

It was any easy matter for Mayor Van Wyck to get the oath of office administered to him but the rub will come when he tries to harmonize its provisions with the intentions and desires of a hungry constituency.

Although Mr. Richmond Pearson, from "tother side the river, has marched several times around the civil service wall and has tooted his horn vigorously as yet the noise of its crumblings has not been noted.

Germany having compelled Hayti to put up, Italy intimates that a small quantity of filthy lucre would be a balm to her wounded honor. Hayti would have found it cheaper to be bombarded.

Stands at the Head.

Aug. J. Begel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. E. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for consumption, coughs and colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at C. E. Holton's drug store.

Quality First Price Second

Quality should always be considered FIRST in purchasing food supplies. The few cents difference in the price of a first-class article and a poor article would hardly be noticed in the monthly account—So don't deceive yourself by trying to economize in purchasing Cheap Goods—they are dearer in the end.

For nearly twenty-seven years we have been supplying the people of this city and surrounding country with groceries, and our motto has always been:

"First-class Goods
at a Living Profit."

Come in and see what an attractive display of Christmas Goods we have.

DURRANT HAS FRIENDS STILL.

Alice Hartley Declares She Has a Heavenly Message.

San Francisco, Dec. 14.—Mrs. Alice Hartley created a great deal of excitement last night in Emanuel Baptist Church, which was the scene of the Durrant murders. At the conclusion of Rev. J. George Gibson's sermon she dramatically declared that she had a message from God to the effect that Theodore Durrant's life should be saved and that it was the duty of the congregation to save him.
Mr. Gibson, who was Durrant's pastor, refused to see the condemned man's mother when she called with a message from her son asking him to tell all he knew about the murders.
Eugene Deuprey, the attorney who is making a fight for Durrant, gives warning of sensational developments. He says Durrant will not hang in January as is generally expected, but will eventually go free. The attorney says that revelations are soon to be made in the case which will cause a profound sensation. He states that the authorities are on the track of the real murderer and that arrests will soon be made.

STABBED BY A DEACON.

Preacher Denounced Deacons for Using Church Collections.

Montgomery, Ala., Dec. 14.—The Rev. Virgil Moulton, pastor of the Weeping Willows Baptist church, before the collection was taken last night, denounced the Board of Deacons, alleging that the contributions Sunday after Sunday had been diverted to the private needs of the deacons who passed the boxes. Last night when the money was counted by the pastor the amount was less than on any previous Sunday, though the congregation was large, and he so declared. Jefferson Boyd, one of the deacons, jumped from his pew and before he could be prevented stabbed the preacher in the side twice. Boyd escaped through a side door, but was arrested later. The preacher's condition is critical.

The Strikes of the Year.

At yesterday's meeting of the Federation of Labor Secretary Morrison presented his report, showing an increase in receipts of \$2,349 over the previous year. The report stated that the Federationist, the organ of the Federation, has been increased in size at an increased expense, but the receipts had exceeded the expenditures. During the year, the report stated, 276 strikes had been officially noticed, involving 165-407 workers. Of these 189 were won, 31 compromised and 33 lost. The secretary recommended that the per capita tax for local and federal labor unions to the Federation be increased from one to five cents per member.

Kansas Women Hunting Jack Rabbits

Topeka, Dec. 13.—Miss Blanche Hall, of Wellington, hunted jack rabbits on Saturday with her trusty rifle. She killed twenty-seven and received 81 cents bounty. On Saturday next Miss Hall will lead a party of twelve Wellington young women in a hunt for jack rabbits. Up to Saturday night 2,000 jack rabbits had been killed in Sumner county, upon which the County Treasurer has paid out 3 cents per head.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, constipation, dizziness yield to Electric Bitters. 50c. and \$1.00 per bottle at C. E. Holton's drug store.

Argument for Compulsory Education

The Landmark learns that in Chestnut Ridge school district, almost in the suburbs of Statesville, there are 162 school children but (wonderful to relate!) there is an average attendance of only 11 children on the school now in progress.

This is a state of affairs that is calculated to give an optimist the blues and to discourage those who assert that we are making great progress in educational matters. It is, too, a mighty argument for those who hold that compulsory education is necessary, and will tend to hasten the day when a compulsory school law will be enacted in this State, as we believe it will be in the near future.—Statesville Landmark.
